Report of Workshop

Topic	: Problem Solving & Ideation
Details of Speaker	: Dr. S. B. Tuljapure & Prof. V. P. Kulkarni (Innovation Ambassadors)
Date	: 08/02/2022
Timing	: 10:00 a.m. to 1:00 p.m.
Proceedings	:

First session of the workshop was engaged by Dr. S. B. Tuljapure. During this session, initially Dr. S. B. Tuljapure gave definition of a problem, need of a problem. Then he discussed about the various methods of searching a problem. He said that Newspapers/ News, Observations, Discussions, Experience & many other are sources of problems. He then guided students about different methods & steps of solving a problem. He explained the reasons of students' project not leading to product or service. He further said that 'Life is full of problems' & we should love problems & solve them. He then discussed a case study of a bad burger. He used a fish bone diagram to solve the problem. Lastly he discussed about various skills required for problem solving.

The second session was conducted by Prof. V. P. Kulkarni. He dealt with the Ideation. He discussed various methods of idea generation for starting a business. He told that Creativity and Innovation, True Needs, Brainstorming, Concentration and Brainpower are some means of generating ideas. He discussed about other ways of idea generation. These were Creative Concept of Combining, New Applications, Using idea generating word list. He told that we should take inspiration from nature. He gave many examples of nature-inspired discoveries and inventions. Total 36 students & faculty of various streams of engineering attended the workshop.
